Source of recall:	Health Canada
Issue:	Chemical Hazard
Audience:	General Public
Identification number:	RA-61798

- [Affected products](#)
- [What you should do](#)

Affected products

Rubio Monocoat Oil Plus 2C

Product description

This recall involves Rubio Monocoat Oil Plus 2C. The product is a linseed oil-based stain.

Hazard identified

The recalled product does not have proper hazard labelling required by the Consumer Chemicals and Containers Regulations, 2001 under the Canada Consumer Product Safety Act (CCPSA).

The product contains linseed oil which can undergo spontaneous heating, leading to ignition of the product. The lack of the required warnings could lead to improper use of the product and present a flammability hazard leading to serious injury or fire.

Materials used with the product, such as rags, may spontaneously self-ignite, even with no source of ignition like a spark or flame.

As of January 3, 2017, the company has received two report(s) in Canada of spontaneous combustion, and no report(s) of injuries.

Number sold

Unknown

Time period sold

Unknown

Place of origin

Manufactured in Belgium.

What you should do

The product is not intended for use by consumers. Consumers should immediately stop using the product. If consumers used rags with the product, consumers should soak all used rags in water before disposal.

For more information, consumers may contact Rubiomonocoat USA at 1-844-937-6862 or [email](#).

Please note that the Canada Consumer Product Safety Act prohibits recalled products from being redistributed, sold or even given away in Canada.

Health Canada would like to remind Canadians to report any health or safety incidents related to the use of this product or any other consumer product or cosmetic by filling out the [Consumer Product Incident Report Form](#).

This recall is also posted on the [OECD Global Portal on Product Recalls website](#). You can visit this site for more information on other international consumer product recalls.
